

## DISNEY TUNES

When they make my movie, I will live forever.  
I'll be the hero of this legendary comedy.  
Now, I'm not high, but I'm still crazy  
And searching for the words that rescue me.

When I write the novel based on my life story  
I'll surely be considered for the Pulitzer Prize  
Then Spencer Tracy will play me in the movie,  
And weave me in a dream that never dies.

**Chorus >>** Waiting for Hollywood to call and bathe me in Disney Tunes.  
In my mind that fairytale was oh, so real.  
But the Oscar winning story of my life was only a child's cartoon,  
And living in there only left me old and lonely.

But then I gave up, and, now I hear new music,  
Though I've been singing for a long, long lonely time,  
A bright tune found me, when I came out of hiding,  
And ordinary things began to shine.

### **Instrumental Break**

### **Repeat Chorus**

But now it's morning, and I hear new music,  
Though I've been singing for a long, long lonely time,  
A bright tune found me, when I came out of hiding,  
And ordinary things began to shine.

And ordinary life brought peace of mind.
